

Hi Chakka.

You're right now singing a weird song about mummy, tummy.
I'm interviewing you and I'm getting weird flashbacks to
Chi Cha Wa. Man, you the coolest, queerest, most talented
person I know. I really love you and really give 2 shits about
you. Man we grew up together it's so awesome to see the
person you've become. I thought we'd never be friends but
here we are. Man we did some cringe ass shit, like
Some Shield and Lake roadweep lol we were weird.
I wouldn't be who I am without you. Don't overthink
you aren't good, talented, smart or anything. (cuz you are)
La TK. Love hanging w you. #Explodeddiper. Love singing
with you. Don't wanna say more. This is cringe and
cheesy enough. LOVE YOU CHAKKA -
